To whom it may concern:

Goldway Cleaning Services was appointed as our Office Cleaner in March 2016 and that decision has proven to be a very sound one indeed.

Whether any of our office staff are present or not when they arrive, Adrian and his Team carry out their work like a well-oiled machine.

They are reliable, dependable, respectful, effective and efficient and the additional "personal little human touches" provided by Adrian and Jing, also make doing business with them a pleasant experience.

I have no hesitation recommending their Services to any business seeking similar cleaning requirements.

Regards!

JOE
